PROFILE

Final-year Master of Management student at the University of Melbourne with hands-on **digital marketing** and **e-commerce** experience. Skilled in SEO, social media growth and performance analysis, with a proven record of improving organic visibility, audience reach and online sales. Seeking a digital marketing role where I can apply strong execution and analytical skills.

EDUCATION

The University of Melbourne **Jan 2025 – Present**
Master of Management
- Relevant coursework: Marketing Metrics and Strategic Performance Management

Hangzhou Dianzi University **Jan 2020 – Dec 2024**
Bachelor of Finance
- GPA: **4.6/5.0** | Ranked **1st out of 126 students**

WORK EXPERIENCE

Ertha Home, Melbourne **Jun 2026 – Expected Feb 2027**
Co-Founder & Digital Marketing Specialist
- Launched and managed a Shopify store, publishing **100+** SKUs and **30+** storefront pages across **30+** international markets, while managing the CMS, backend operations and customer relationships.
- Led end-to-end SEO, including technical audits, keyword research and on-page optimisation. Used Google Search Console to improve indexing, increasing impressions by **477%** and organic clicks by **15%**.
- Grew Instagram organically to **6.6K** followers and **784K+** views in **one** month, while gross sales increased by **570%**, orders by **400%**, and conversion rate by **102%** compared with the previous 30 days.
- Analysed **200+** search terms, **500+** customer reviews and **50+** competitors to identify market demand and customer preferences, informing product, positioning and marketing decisions.

Wuxing District Audit Bureau, Huzhou, China **Jun 2022 – Aug 2022**
Audit Assistant Intern
- Reviewed guarantee letters, contracts and supporting documents to ensure completeness and audit readiness.
- Organised audit data in Excel, identified discrepancies and supported accurate financial reconciliations.

PROJECTS

Douyin Food & Lifestyle Content Project **Mar 2026 – Present**
Content Creator
- Grew a self-managed Douyin account to **9K+** followers**, 3M+** views, and **200K+** likes through food and lifestyle content.
- Tracked platform trends and audience performance to refine content topics, formats and short-form video production.

MEI PI QI | Rebranding Project **Mar 2023 – Mar 2024**
Project Lead
- Analysed **572 consumer reviews** using Python and benchmarked competitors to define customer needs and brand positioning.
- Developed the visual identity, IP and packaging direction, combining Chinese opera with contemporary design.
- Planned a pop-up and merchandise strategy linking offline experiences, social media and digital engagement.
- Developed campaign concepts projected to improve targeting by **35%** and conversion by **15–20%**.

E-Care | Intelligent Connected Vehicle Project **Dec 2021 – May 2022**
Project Lead
- Used Python and Excel to analyse automotive market data, including market size, penetration and industry trends.
- Led E-Care, a national innovation project, and secured **two software copyright** registrations and **one design patent.**
- Coordinated the project team, assigned tasks, managed milestones and delivered key outputs on schedule.
